1. **BIDS MUST BE SUBMITTED ON THIS FORM ONLY INCLUDING A SIGNATURE OF AN AUTHORIZED AGENT.** Each bid shall be placed in a separate envelope. Be sure envelope is completely and properly identified and sealed, showing the bid number and date in the lower left hand corner. Bids must be time stamped in the office of the City Clerk by 5:00 P.M. on the day before date of opening.
2. No bidder may withdraw his proposal for a period of thirty (30) days after the date and hour set for the opening of bids.
3. All prices shall be quoted F.O.B. Tulsa, Oklahoma, and delivery to City of Tulsa location shall be without additional charge.
4. The bidder shall attach the manufacturer's name of the equipment or material to be furnished, type, model numbers, manufacturer's descriptive bulletins and specifications. All guarantees and warranties should be clearly stated. This data shall be in sufficient detail to describe accurately the equipment or material to be furnished. Manufacturer's specifications, in respect to the successful bidder, shall be considered as part of his contract with the City of Tulsa.
5. The bidder shall show in the proposal both the unit prices and total amount, where required, of each item listed. In the event of error or discrepancy in the mathematics, the unit prices shall prevail.
6. Any exceptions or deviations from written specifications shall be shown in writing and attached to the bid form.
7. Each bidder agrees to comply with the terms of Title 5, Chapter 1, of Tulsa, Oklahoma Charter and revised ordinances relating to equal employment opportunity.
8. **THE ENCLOSED FORMS REGARDING NON-COLLUSION AND FINANCIAL INTEREST MUST BE SIGNED, NOTARIZED, AND RETURNED WITH THE BID.**
9. The City of Tulsa reserves the right to reject any and all bids, to waive any technicalities in the bidding, and to award each item to different bidders or all items to a single bidder.
10. All bids must be accompanied by bidders bond, cash, certified or cashier's check in the amount shown on the face of the bid form. This amount shall be retained by the City of Tulsa as liquidated damages in the event the successful bidder (or bidders) fails to execute a contract, if required. The bidder agrees that said amount is presumed to be the damages sustained by the City due to the impracticability and extreme difficulty in fixing the actual damages. The office of the City Clerk will return the bid deposits to the unsuccessful bidders, after a contract has been awarded or all bids have been rejected.
11. In the event cash discounts are offered by the bidder, the discount date shall begin with the date of invoice, the date of receipt of all material covered by the purchase order, or the date of receipt by the City of Tulsa of the original copy of the purchase order with properly executed Affidavit of Claimant, whichever is the later date.

In such cases the bidder shall quote prices which do not include Federal Excise Tax and Oklahoma Sales Tax. The City of Tulsa will furnish executed exemption certificates upon presentation by the bidder at the time of purchase.
13. Bid must show number of days required for delivery under normal conditions. Failure to state delivery time obligates bidder to complete delivery in fourteen (14) calendar days. Unrealistically short or long delivery promises may cause bid to be disregarded. Contractor must keep Purchasing Department advised at all times of status of order. Default in promised delivery or failure to meet specifications authorizes the Purchasing Agent to purchase supplies elsewhere and charge full increase of cost and handling to defaulting contractor. Consistent failure to meet delivery promises without valid reason may cause removal from bid list.
14. Bidder agrees to defend and save City of Tulsa from and against all demands, claims, suits, costs, expenses, damages and judgments based upon infringement of any patent relating to goods specified in this order or the ordinary use or operation of such goods by City or use or operation of such goods in accordance with bidders direction.
15. If the bid requires a written contract, the successful bidder shall execute a written contract with the City of Tulsa and return the required bonds and insurance certificates within ten (10) days after submission of contracts to said bidder by the City.

Intent:

To obtain a contractor for the removal and disposal of Granular Activated Carbon (GAC) from dual media filters at the City of Tulsa's Public Works A.B. Jewell Water Treatment Plant and Mohawk Water Treatment Plant.

The City will remove and store the sand portion of the media on city property. All sand removed from the filter beds and stockpiled will belong to the City of Tulsa.

Contract Time:

The terms of the contract shall be for a period of one (1) year beginning from November 7, 2002 when current contract expires.. The contract shall be renewable, with the consent of both parties, for two (2) successive one (1) year periods.

Price Adjustment Option:

The price paid for this service shall not change during the term of this contract. However, if the contractor anticipates that they will not be able to maintain firm prices for any renewal period, a change in price may be allowed in the renewal of this contract if the following criteria are met:

- The bidder includes a formula to calculate a change in price at the time of renewal, **in the bid for the initial contract.** Such a formula shall be reasonable, objective, and capable of measurement.
- The contractor notifies the City of Tulsa in writing, no later than 30 days prior to the expiration of the initial contract period or any renewal period, of its intent to exercise the right to increase the prices under their contract. The notice shall include a calculation of the price increase or decrease requested by the contractor including the formula used.

Permits/Fees:

The successful contractor shall bear the responsibility of all associated costs to obtain all required permits and licenses from all agencies having jurisdiction over the work. This includes, but is not necessarily limited to local, county, state, and federal agencies.

Scope:

- The successful vendor shall furnish all labor, including qualified supervision, materials, tools, construction equipment, hoses, safety items, and incidentals necessary to perform the work.
- The successful vendor shall provide documentation that they are capable of providing the necessary equipment, supervision, and labor for the removal of the spent GAC.
- Removal of GAC will be performed in areas among and adjacent to existing facilities of which operations must be maintained with minimum interference and inconvenience. Any element of this work, which affects operation of the existing facility, must be pre-planned, coordinated, and approved by the plant superintendent.

- The dewatering carbon on-site must be performed in trucks fitted with screens to prevent loss of carbon to storm and sanitary sewers.
- No materials or solutions other than “clean” water may be discharged into any of the plant storm and sanitary sewer systems.
- The successful contractor shall supply trucks required to remove the material from one filter at a time from the City of Tulsa.
- The contractor will be given at least one week’s notice that filter media is ready to be removed.

- All equipment, tools, accessories, and work practices shall comply with the latest revisions/additions to the standards of Federal Occupational Safety and Health Act of 1970 (OSHA).
- Upon notification, the spent GAC shall be removed for regeneration or disposal. The regenerated GAC shall be certified as not being re-sold for use in food grade or a potable water operation. If the carbon is to be regenerated and sold, the City of Tulsa shall receive documentation releasing them from all future legal responsibility.
